GREETINGS OF YOUTH

Don't want no diary; hain't time to write; it's a fool's job to mark down things. Get out of the way and give us room to do something big and great and shocking so the World will stand up and take notice that we are here.

Special Norway Town Meeting

The voters of Norway are asked to appear in the Opera House, which is used for town meeting purposes, at 2 o'clock in the afternoon of Friday, Dec. 31, to see if the town will instruct its Municipal officers to proceed to dispossess Miss Belle Whitcomb of Oconto, Wis. of her Main street homestead lot.

The means to be employed is termed "Eminent Domain" as defined by statute and if sustained by the court possession will hold but underneath all of it is Public Necessity.

Does that exist to such a degree as to warrant the town to condemn and take this particular lot? It is for you to decide and express your wish at the meeting.

If the present owner objects, and we understanr she does, it will be a long legal and expensive journey for the town to travel before possession can be had, even if it is possible to obtain it.

Why not vote to allow the petitioners to proceed on their own responsibility in the attempt to acquire title? They are numerous, enterprising and many of them wealthy. Why drag the town into it?

Miss Whitcomb says she does not want to sell the lot. She entertains the hope of some day building on it. For this purpose she pays a good rental in taxes in excess of hundreds of dollars a year.

Can the town afford to do it?

Community Christmas Broadcasted Cheer

Many Families and Children Visited During Christmas Season

The Community Christmas sponsored by the W. C. T. U., brought cheer and comfort to many families. The calls for assistance far exceeded any in past years. Fortunately, contributions of clothing, groceries, food, toys and money from the merchants, fraternal orders, churches and individuals more than kept pace with the calls. Everybody had the spirit of generosity and gave freely to others less fortunate.

Every case was investigated and in several instances the conditions were most distressing. Families lacked food, clothing, fuel and money, which were quickly supplies. Mittens, stockings, shoes and rubbers seemed in the greatest demand. At one place, on Christmas morning, there were no prospects fo a visit from Santa. The children were in need and no toys or dinner in sight until the committee visited the home and left good cheer. A long story might be told about the splendid work performed during holiday week. Even the inmates at the town farm were remembered with cheer boxes and elderly people not otherwise provided for received fruit and other nice things.

Members of the committee appreciate the splendid contribution of whatever kind. They are especially grateful to Eugene N. Swett for the use of rooms at the E. N. Swett Shoe Co., and to Mrs. Iona Brown of the Novelty Turning Co., for the truck and driver which made possible speedy deliveries over a large area. Mrs. Victorine Blanchard furnished all the candy for the children's boxes, which brought so much happiness in the homes.

This social service work is not confined to the Christmas season, but is carried on during the whole year so all contributions have a place in the program of good works. It means a sacrifice of time and effort, but is well worth it.

A detailed statement, giving the names of contributors and articles donated will be published, after the W. C. T. U. meeting, in January.

The committee in charge of packing and distributing the boxes included Miss Etta Noyes, Mrs. Edith Edwards, Mrs. Emma Swan, Mrs. Elizabeth Getchell and Mrs. Nettie Nevers.

ANNUAL STATE CONTEST OF BOYS' AND GIRLS' CLUBS

Eighty-one boys and girls and 50 local club leaders have written state club leader, Lester H. Shibbles of the Extension Service that they are planning to attend the annual state contet of boys' and girls' clubs, which is to be held at the University of Maine, December, 30, 31, and January 1. Only six boys and girls have written that they could not attend. No doubt there are others who plan to attend but whose answer has not yet been received. Indications point to a record attendance.

Hon. Wm. Tudor Gardiner, Speaker of the House of Representatives is to be the chief speaker on the program of the contest. He has shown considerable interest in boys' and girls' club work and those in attendance may well expect an interesting and inspiring address. Plans for the event are progressing satisfactorily. Exhibits have been received and arrangements have been made for the College of Agriculture to entertain these county champions and leaders.

Two important announcements will be forthcoming at the contest, first, who are the state champions and second, what county wins the state cup for excellence of work during 1926.

Wearies' Candy Vanished

Over Two Hundred Children Called Within the Time Limit and Were Remembered

On Christmas morning, a little before the time set, the Wearies opened the door and invited in the children. There were about a hundred of them waiting in the street They came in as orderly as their anxiety for the present would permit. Gave their name, which was recorded, and were presented a box of candy and a Christmas card in return.

The supply of candy, 150 boxes, was soon exhausted, and silver quarters were substituted, with the announcement that they could go into a store and buy candy to that extent. The faces of some of the smaller ones showed visible disappointment, but they accepted the money and, guided by the older ones, visited the store and made such purchases as they saw fit and were happy.

All told, 214 called and the Wearies received that number of thanks for their kindness. J. C. True, Garfield Walker, John A. Woodman and T. L. Heath were masters of ceremony, assisted by Larry Carroll and others.

FAMILY GATHERING AT JACKSON'S

One of the pleasant gatherings of Christmas Day, was a family party at the home of Mr. and Mrs. Harry Jackson, Millettville, when more than twenty gathered for a happy day.

A sumptuous dinner was served at noon, the table fairly groaning under the weight of the good things.

In the afternoon Santa made his appearance, and as there were many children present, he told them the story of the first Christmas, and what the day stands for, and presented each boy and girl with a tiny baby doll to make his story all the more impressive. Then the tree was unloaded from its gifts and everybody was well remembered.

Those present were Mr. and Mrs. Harry Jackson and family, Mr. and Mrs. Fred Lovejoy and five children, Mrs. Imogene Lovejoy, Mr. and Mrs. Arthur Morrill, Mr. and Mrs. George Westleigh, Mr. and Mrs. Frank Millett, Mr. and Mrs. Leslie Millett, Mrs. Rosa Kneeland.

CHRISTMAS EVE AT THE TOWNE HOMESTEAD

Bertha Towne, daughter of Mr. and Mrs. A. A. Towne, entertained a large group of young people at the Towne homestead in the Yagger Neighborhood on Christmas Eve. The setting was ideal for a merry time provided by the hostess, commencing at 8 o'clock.

Santa Claus did not attend in person but each carried a gift for a brilliantly decorated tree. The presents were awarded by drawing slips, much amusement was created with this method of giving.

Dancing and games were enjoyed until the farmhouse just rung with Christmas cheer like the old fashioned times.

Hot chocolate and cake were served just before the guests departed for their homes in the village.

Folowing are the guests: Madeline Burgess, Marion Bennett, Phoebe Cobb, Helen Dullea, Mary Favor, Doris Ledger, Catherine Longley, Grace McAllister, Frances Rich, Evelyn Saleeby, Cora Smith, Constance Smith, Eleanor Smith, Hilda Stineford, Thurley Tucker, George Andrews, Vincent Ashton, Graham Bachelder, Fred Bartlett, Horace Brown, Paul Brown, William Brown, Albert Clark, Howard DeCosta, Henry Favor, Kenneth Goodwin, Norman Goodwin, Carlton Greenleaf, Arnold Hasty, Clark Hutchins, Fred Lewis, Don Matherson and Ellis Perry.

The "hello" girls of the local exchange held their annual Christmas party just before the holiday. After a steak supper at Kilgore's Restaurant, the party adjourned to the "rest room" near central and a tree was unloaded. There was an exchange of gifts with numerous presents sent in by telephone patrons. In the party were Chief operator, Mrs. Merton Millett, and Mr. Millett, who was the honor guest, Mrs. Annie Prince, Mrs. Irene Luck, Mrs. Ada Billings of the relief staff, Mrs. Pansy Paragard, Mrs. Alice Adkins, Mrs. Caroline Descoteau, Miss Velma Frank, Miss Louise Thomas, Miss Celia Webber, Mrs. Merle Stineford and "Bud" Merrill.

Switchboards and other appliances for the new telephone central in the Norway National Bank building are being installed by workmen sent here for the purpose. The heavy cable connecting the new office with the trunk lines on the southerly side of the street, was run through the conduits under Main street this week.

Some nice strings of pickerel are being taken from North Pond.

Mrs. Addie Thurston suffered a bad ill turn the first of the week and is still very ill at her home on Crockett Ridge.

The late snow gave a change to the strong and witless to dig to the sidewalk cement. That is right if you want to do it that way. We don't care.

You will be pretty apt to get it if you patronize the Intelligence column

Most of the stores will be kept open for business this Friday evening. See special announcement in some of the advertisements

Mr. and Mrs. Howard Chick and infant spent Christmas with Mr. Chick's parents. Mr. and Mrs. Charles W. Chick. Mr. Chick is principal of the high school at Handeville. There has been some confusion in town and elsewhere by mistaking Mr. and Mrs. Francis Chick, now of Norway, for Mr. and Mrs. Howard Chick. The arrival of the stork at Howard's home started a flow of congratulations to his brother and wife, which, of course, are appreciated, although the stork has never made a visit.

The first meeting of the Knights of the Golden Eagle since reorganization, will be held Wednesday evening, Jan. 5, in K. P. Hall.

Albert Cox of Gorham, N. H. visited his father, Aaron Cox, for the Christmas holidays.

Mrs. Estella Davenport and Henry Davenport of Auburn and Alonzo Hadley of Gorham, N. H. were Christmas guests of Mr. and Mrs. Arsene Blaquiere and family.

Calendar nuisance is when you have a dozen and a place to hang only one.

GOOD NEW YEAR RESOLVE

"We hear much about New Year Resolutions. How about resolving today to now pay all debts, especially current bills? Credit is like the blood circulating in your veins. Anything which retards the flow of credit harms the business body. Hence, when you owe money, all of your town suffers thereby. Debts cause death both to men and communities. If you really are anxious to improve business in your place, pay up all your current bills immediately so that others can pay you."

MAINE WATER POWER QUESTION

The proper solution of the above is most important matter coming before the legislature. In another column Mr. Wyman of the Central Maine Power Co., has something to say. Read it. It is up to the people to decide. Personally, we feel the so-called "Fernald Law" has served its usefulness, if it ever had any, and should be repealed. Maine should be permitted to sell its wares in the markets of the world, like other states.

Brooks Family Escape Injury

Auto Turned Turtle Christmas Day at West Falmouth

Mr. and Mrs. L. J. Brooks escaped without injury when their Buick sedan rolled into the ditch near West Falmouth about 8 o'clock Saturday morning. They were on the way to visit Mr. and Mrs. Francis Hall, in Lynn, Mass., over Christmas, and driving slowly, owing to icy roads.

The gates were down at a railroad crossing, Mr. Brooks was unable to stop his car on the down grade, so turned to one side of the road, intending to reach a field. A ridge of ice caused the auto to skid into a ditch. The car turned over on its side, smashing glass in one door and cracking the wind shield. The occupants went into a mix-up, but were uninjured. A wrecking crew hauled the sedan back into the highway and all returned to Norway.

NEW HOME FOR NORWAY NATIONAL BANK

The banking rooms in the new block erected by the Norway National Bank are practically ready for occupancy and that time honored institution will soon be located in its new home.

The building is modern from the arrangement of the rooms for the convenience of the public and employees, to the last word in vault construction and electric signal protection. Safeguarding the patrons against theft and fire has been foremost in the plans of the bank officials from the beginning. Everything that can be done with cement, steel and electrical appliances to make the vault and deposit boxes absolutely secure has been used.

For a number of years the Norway National Bank has been cramped in its roms in the Opera House Block and a new home is the outcome of increasing business. The institution has literally outgrown quarters occupied some thirty years.

The new tapestry brick block, a valuable additnon to the business section, is located on the corner of Main and Cottage streets, occupying the former bakery lot and part of the Robert Noyes land. There are two stories and basement. Banking rooms are on the first floor with entrance on Main street. On the second floor Dr. C. W. Nelson will have several rooms for his practice, and the Norway central of the New England Telephone & Telegraph Co. will be located in the rear, facing Cottage street. Entrance to this floor is also on Main street.

In the basement are the heating plant, coal pockets and lavatories.

The cost of the building and equipment is at least $50,000. James H. Kerr of Rumford had the general construction. L. M. Longley & Son, Norway, installed plumbing and the heating plant. Howard B. Young, Norway, had the electrical contract which required considerable material. The building has been under construction since May.

This new structure, together with the neat appearing Weary Club headquarters adjoining, have added great value to the looks of Main street and greatly improved the historic corner.

VERANDA CLUB NOTES

Veranda Club met with Mrs. Gertrude Stearns, Thursday evening, December 16, at the home of Miss Clara Jordan with a good attendance. A very pleasant evening was enjoyed and Christmas cheer was not forgotten. After the business meeting the hostess served lunch.

The next meeting will be with Mrs. Florence Smith, Thursday evening, Jan. 6.

BEWARE OF AUTOMOBILES

Timely advice from the News and Critic, and applies in Norway and vicinity as well as in Laconia:

"We urge the boys and girls to beware of coasting accidents. The autos are thick at the foot of the inclines and if one slides into a machine, a great deal of pain is experienced even if life is not sacrificed. Parents must be vigilant and take care of their youth."

Mrs. Scott Kilborn entertained a Christmas dinner party at her home in honor of Mrs. Rose Hamel. There were holiday decorations with covers laid for nine. Bridge was enjoyed with Mrs. Andrews earning the highest score, Mrs. Hamel won the consolation souvenir. Beside the hostess and guest of honor were Mrs. Edward A. Luck, Mrs. Donald J. Andrews, Mrs. Elmer D. Packard, Miss Mildred Curtis, Miss Hazel Bicknell, Mrs. Homer R. Luck and Miss Pauline Noble.

Orin Stone, a student at the St. Lawrence University, Canton, N. Y., and Miss Olive Stone, a teacher in the High School at Cato, N. Y., have been with their parents, Mr. and Mrs. O. L. Stone.

Several members of Pennesseewassee Lodge, K. of P., gave a surprise party to David Lebroke of North Waterford, Monday evening. The party was held at the home of Eugene Lebroke in this village where the aged Pythian is spending the winter. Cards were enjoyed and Mrs. Etta Lebroke served refreshments. A birthday cake was featured, eighty-seven candles being lighted by Herbert Rich, Roland Nevers and Carle Brown.

We notice that our bass fishing friends, Mr. and Mrs. B. F. Wilder of New York have become grandparents. A son came to Mr. and Mrs. Robert Wilder, Dec. 8, and the little one is named Robert Stuart Wilder, Jr. Accept congratulations with the hope that all may visit Norway next season.

Smouldering Rags Cause Alarm

Overcoat Damaged by Ashes from a New Corn Cob Pipe

No more can we hang our overcoat in the closet on coming in from the street. The order has been promulgated and must be obeyed. It came about thusly:

During the late Christmas rush, the odor of burning rags floated through the office. It was markedly strong and unmistakably prominent. Search was had downstairs and upstairs; the janitor was interviewed and callers appealed to. The cause could not be located.

Later, someone opened the office wardrobe, and sure enough our overcoat was on fire. It happened to be the best one (at the time of its infancy) we ever owned; have worn it seven years and it's just got so it looks well and fits. The whole right-hand side, with pocket and handkerchief, was burned and ruined. It is beyond repair.

The cause was from fire from a pipe carelessly put in the pocket while on the street.

The order has gone out and hence our overcoat, night or day, must be inspected before it's hung up in the closet.

We don't complain, it's just right.

THE FIVE NIGHT INSTITUTE

The Five Night Institute for Norway and Paris will be held in Deering Memorial Church, South Paris, Jan. 17-21, at 7:30 p. m. Rev. Morris H. Turk, D. D., of Portland, will present a series of lectures entitled, "Finding Christ in the Holy Land," using the following subjects:

1. Jerusalem and the Mountains of Judea Lantern Views in Color
2. The Great World in Which Jesus Lived Map Illustrations
3. Springtime Journeys in Lovely Galilee Lantern Views in Color
4. Religion and Culture in Christ's Day Map Illustrations
5. The Holy City and the Kingdom of God Lantern Views in Color

Dr. Turk says, "In the three illustrated lectures I use about seventy slides in each, from my collection of over two hundred slides. Every slide has been colored to my special order and each is a work of art. Many are from my own negatives made during my recent journey through the Holy Land. The second and fourth lectures, while not illustrated with slides, are of fascinating interest, as they report some surprising findings of current scholarship. The one purpose of the entire series is to afford a larger concept and better understanding of the great, cosmopolitan personality of our Lord a concept that will challenge us to a firmer faith and a more loyal obedience."

The bus will make special trips each evening to accommodate Norway patrons.

HAPPY GATHERING AT MARSTON'S

One of the happy affairs of Christmas was a family gathering, Sunday, at the home of Mr. and Mrs. J. E. Marston, Pleasant Ridge, when seventeen members of the family, all children, grandchildren, great grandchildren, of Mrs. Flora Abbott. A bounteous dinner was enjoyed. the main dish being baked ham with cider sauce.

Those present were Mrs. Abbott, Mr. and Mrs. J. Edward Marston, Mr. and Mrs. Earl Strout, M. and Mrs. Eben Marston, Miss Lois Marston, Mr. and Mrs. Carroll Greenleaf and daughter, Ruth, Mr. and Mrs. Demerritt Hagar and son, Courtney, Mrs. Josephine West and son, Louis, Lawrence Decoteau.

FLOATED IN ON DOMESTIC RADIO

"Della Noyes, Emma Swan and Mrs. Frank Decoster run the Church," was the remark.

"No, no, not a bit," was the rejoinder, "they do the kitchen work and seem to enjoy it immensely and good at it, too."

Thus closed the listening in.

Elliot Cummings went to Rumford, Tuesday, for the remainder of the week with relatives, going in company with his aunt, Miss Gabriella Elliott of Rochester, N. Y., who has been a guest for a week of Mr. and Mrs. Edwin Cummings.

Mr. and Mrs. Eben Marston spent Christmas day with her father, W. H. Coffin, at Mechanic Falls, when a gathering of seventeen passed a happy day with the usual big dinner and the Christmas tree.

We have Holmes Notes, special line contract blanks, bank notes and receipts for sale at this office. Prices from 10 cents to 25 cents per dozen. Orders by mail, promptly delivered.

Mr. and Mrs. Elon L. Brown entertained Mr. and Mrs. Grant Abbott and Lona and Buddy Hunton, also Mr. and Mrs. Carl Brown and children, Alice, Carl, Jr., Viola and Alvin, 2nd, on Christmas Day. A delicious dinner was served at two, after which a Christmas tree was enjoyed. After the presents were taken off, Horace Brown brought in a small tree covered with crisp bills, one for each member of the family, from Alvin Brown. Needless to say that this tree was very attractive.

Miss Harriet Manser of Auburn, who has been visiting her sister in South Paris, will be the guest of Miss Irene Nevers, the last few days in this week. Miss Nevers and Miss Manser are classmates in Farmington Normal School.

Ted Brown, a chemist with the Brown Company, at Berlin, N. H., has been home a few days.

Miss Miriam Pike, a student in Simmons College, Boston, was with her parents, Mr. and Mrs. L. Fred Pike, over Christmas.

"Elizabeth," said Louie Brooks, after his auto turn-over and mix-up and he found that no one was hurt, "I guess we better make tracks for home and wait until the traveling is better before we visit your sister in Boston." They returned to Norway. Damage to car was slight.

Don C. Seitz's "Horace Greeley Biography" is having a big sale. It has received columns and pages of reviews as it brings new light of the great journalist.

We are much pleased to say that Ernest Noyes at the C. M. G. Hospital, Lewiston, is improving and able to set up a little. Also that Mrs. Simon Richardson, who recently had a foot amputated, is getting on as well as could be expected.

The Wearies have discovered that pictures should be hung flat against the wall and that the height of the picture should be related to the level of the eyes. Either the tops or bottoms of all pictures in a room should be on a straight line. J. C. True believes in the crazy-quilt way of hanging pictures.

OLD AGE GREETINGS

Congregational

"Shall the Churches Unite?" was the subject of the sermon last Sunday. Mr. Tracy outlined the forward movement of federating different denominations, explaining the reasons for so doing and answering some of the chief objections. Most of the large communities are over churched, he said, while wide areas in rural districts are without protestant services. Villages and cities are crowded with church buildings, sheltering struggling congregations, with poorly paid preachers exhorting to empty pews. Federation combines weak activities into a living church with a punch that accomplishes definite results. Referring to local conditions, he expressed his belief that federation under a covenant without a creed would be advisable. It would mean something for the community.

Annual parish meeting, Wednesday evening, January 5, has been postponed to January 12.

Subject of the sermon next Sunday morning is "Passing Through Jerico." Communion service, Sunday, at 3 p. m., when several new members will be received. Young people's meeting at 6 o'clock, subject, "What are some of the things in history of which an American should be proud?"

All are urged to attend the mass meeting on January 5.

A notice of the Institute may be found elsewhere in this paper.

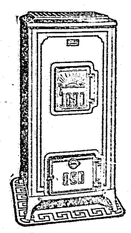
Is it a Furnace?
NO! For it requires no basement—and fits into the living-room like any other good-looking piece of furniture.

Is it a Stove?
NO! For it replaces two or three stoves and circulates a volume of fresh warm air that heats the whole house upstairs and down.

It is the
SUNBEAM CABINET HEATER



With this new kind of heater, *every* room is warm and livable even in zero weather—with but *one* fire to feed. There is no shutting off for the winter of stoveless rooms; no crowding around the stove in a heated room. You live in the whole home as you do in the summer time.

But the Sunbeam does more than thoroughly heat your home. It reduces fuel costs. It adds another piece of furniture in your home—one that needs little attention, one that can be easily kept clean, and one that will last for a life time.

We'll be glad to demonstrate it for you.

The Sunbeam Cabinet Heater is made in two finishes, Olive Green and Grained Walnut, and in two sizes, the Standard and the Junior. The Olive Green finish blends harmoniously with the decorating scheme of any room in which it is placed. The Grained Walnut finish successfully meets the demand for a Sunbeam that resembles the other pieces of furniture in the home.

The appearance of each finish is enhanced when this heater is set up on the Sunbeam Floor-board, which is made in Olive Green and in Walnut to match the tone of both Sunbeams.

HARRISON

Parent-Teacher Meeting

The Harrison-North Bridgton Parent-Teacher Association held its monthly meeting in the I. O. O. F. Hall, Tuesday evening, Dec. 7, at 8 o'clock.

The president, Mrs. Winfield Witham, presided. The minutes of the November meeting were read by the secretary, Mrs. Everett Chapman, as well as the names of the recently appointed officers, committee chairmen and their helpers, which are as follows:

Pres.—Mrs. Winfield Witham.
Vice Pres.—Mrs. Harold Sampson.
Sec.—Mrs. Everett Chapman.
Treas.—Stuart Edgerly.
Program Com.—Chairman, Miss Eva Jones; Mrs. Perley Freeman, Mrs. Clarence Ward.
Publicity Committee—Chairman, Mrs. Rand Ford; Mr. Walker, press reporter; Mrs. Roy Johnson, Mrs. P. I. Gay, Mrs. Walter Chute, Mrs. Arthur Smith, Mrs. Elmer Stuart, Mrs. Hobart Denison, Miss Twombly.
Membership Com.—Ch., Mrs. Genie Burnha; Mrs. Chester Tarbox, Miss Beatrice Wyman, Mrs. Mildred Haley, Mrs. Oscar Robbins, Miss Twombly, Miss Lillian Merrill, Miss Mary Fraser, Mrs. Roy Johnson.
Social Committee—Ch., Mrs. Bert Davis; Mrs. Frank Ridlon, Mrs. William Smith.

The secretary then called the roll, which consisted of all parents having children in the schools of Harrison and North Bridgton that it might in this way be learned which room had the largest representation of parents. The Grammar School of Harrison village had the greatest number, thus receiving the banner for the ensuing month.

Banners had been made by all the pupils in the upper grades and were on exhibition at this meeting. Three judges, Stuart Edgerly, Mrs. J. P. Blake and Miss Josephine Ricker, selected the banner made by Abbie Burnell of Grade V, North Bridgton, as the best. She was awarded the prize, "Theodore Roosevelt's Letters to His Children." This banner will be made of felt, using P. T. A. colors, light blue with gold letters, and presented at each meeting, to the school having the largest representation of parents.

Each child who is represented by his father and mother at the meeting will receive a large gold star for "father" and a smaller gold star for "mother," these being placed on a chart kept at school by each teacher. The child having the most stars at the end of the year will receive a prize.

Mrs. Josephine Small, the state P. T. A. president, was the speaker of the evening. She very forcefully stressed the value of the work, urging every parent and interested citizen of the two villages to cooperate, that the object of this great work may be accomplished; that of bringing about a closer relationship between the home and the school, and of raising the standards of each.

There was much enthusiasm shown in the singing of several songs, arranged especially for the Parent-Teacher Association. These were lead by Miss Dora Lincoln of Bridgton Academy, with the Academy Orchestra accompanying. Two selections by the orchestra were played during the program.

A motion was made by one of the interested "Fathers" to start the membership drive right there and as a result, over forty parents and friends of the children became members for the year 1926-27.

Because of the supper served by the Odd Fellows at 6:30, preceding the P. T. A. meeting, no refreshments were served after the program as a part of the social half hour. This will always be done at the coming meetings, thus creating a happy atmosphere at which time all will have a better opportunity of becoming acquainted.

A vote was taken to extend a special invitation to the North Bridgon friends and all those living in Bolster's Mills, South Harrison and the Maple Ridge and Brackett Neighborhoods to attend the meeting on Tuesday evening, Jan. 4, at 8 o'clock. A big effort will be made to give everyone a happy, profitable evening.

Birch Nearly Cut—Great Showing in the Mill Yard.

The Pingree crew now cut down to six men, as the birch is nearly all cut; there is more than eleven hundred cords of it, and these men that are to continue work will cut the remaining two hundred cords or thereabout.

Lester Merrill is certainly making a great showing in the mill yard where he is piling his birch, though he is hauling with only one team at this time, but as soon as there comes a litte more snow he will put the other team to work. Aside from the one thousand cords that he is to haul, Mr. Pingree's son, Allie, is hauling with a pair of horses, and a Mr. Hofrom from Canton Point, also, with a large, handsome pair.

Many thanks for the Christmas card from the Editor and I wish him a happy New Year.

Lionel and Jerry Bartlett were at home for Christmas, Mrs. Bartlett drove over to see her daughter, Alice Russell, a little while as their little boy, Robert, is poorly with a cold, which prevented her spending the day as usual with her parents.

There is more snow needed here, badly, for those who are working teams in the woods, as there are many bare places on the logging roads.

The county roads have been in the best possible shape for automobiles and there were more than twenty past the house on Christmas day, quite different from a year ago. The writer came from Rumford in a car the day before Christmas as far as Lake Worthley and walked in from there.

Mr. and Mrs. Arlon Farrar and baby were dinner guests at Mr. and Mrs. Olphy Varney's, Christmas day.

William Urkhart from the Pingree camp, went over to the Eddie Bonnev place and got his hens, the 25th.

Doris and Gracie Bartlett called on the May children at the Sturtevant place the 26th, for a little while.

MAINE'S WATER POWER QUESTION

Water power is one of Maine's great natural resources. Like all other wealth which Nature has given us it is of no value unless and until it is developed and used. Unlike all other natural resources it does not become exhausted with use but renews itself from year to year forever.

All the other forty-eight states allow surplus power to flow freely across their borders. Those states that are exporting the most power are the ones that are making the greatest growth. Maine alone forbids its exports by law.

This law should be modified or repealed so as to permit surplus power to be exported.

Such a change would be of great benefit to manufacturers, power companies and all classes of citizens. It would lead to lower power rates and to the investment of untold additional millions in property in this State. It is reasonable to expect that the gain in revenue from taxation alone would be not less than $1,000,000 a year within the next ten years.

Whatever is to be done should be done in such a way as to protect the interest of all citizens of the State. Our people are face to face with a great business opportunity and it should not be lost.

Central Maine Power Company has a very large and vital interest in the welfare of Maine and its officers believe thoroughly in the sentiments expressed above. On this account it will cause to be published a series of advertisements discussing the question in detail.

We ask the most careful consideration by all the people of the State this important question.

Old Age and Glasses

The gradual decrease of ocular power which accompanies age should not be considered contrary to nature and more than it is for the hair to turn gray, the teeth to become defective or the muscles to weaken.

Besides, as age advances, the other physical faculties are apt to be used less and less, and the eyes more and more.

Artificial aid is therefore to be expected and should always be resorted to at the first indication of failing eyesight. Call and let us fit you with the glasses your eyes require. 51-52

It Pays—Be Neat

Two ladies came into a store one day in search of dark dresses for occasional wear to club and church. They looked at several dresses and decided very wisely on durable materials and good lines. A black serge was the choice of one and a blue tricotine the choice of the other. Knowing these two women quite well, I chanced to meet them some times and I soon noticed the difference in appearance of the two. Mrs. Collins, who wore the blue serge, looked trim and immaculate. Her dress was pressed and spotless. Her shoes were polished and had good shape. Mrs. Ward wore shoes that were out of shape, heels run over, and the drops of milk were visible in places. Her dress had stains of various descriptions on the front of it and the snaps were off the cuffs. There were wrinkles in the skirt and a small place where the stitching in the hem had started to come out. Mrs. Ward had many good characteristics they would have been easier to see and appreciate if she had made an effort to improve her appearance by caring for her clothes. Mrs. Collins, by remodeling her dress, was able to wear it three years, while Mrs. Ward wore her dress only one season and it was then very shabby.

When Mrs. Collins came home from a club meeting she took her serge dress off, hung it on a hanger and left it to air before putting it away in the closet. If there was a snap or a button off, she replaced it before hanging the dress away. If there were any spots she removed them at once so that when she wanted the dress to wear the next time it would be ready. She had two pairs of shoes for good and a pair for every day. Whichever pair she took off, she went over with a cloth to remove the dust, then placed shoe trees on them and put them away. Occasionally she would polish them and quite often she would take a pair to the repair shop to have the heels or the heel lining or soles repaired. It is worth her while she finds to buy good shoes and have them repaired.

When Mrs. Collins takes off her gloves and finds a thread in the tip of the finger of the glove is broken she takes a stitch in time to save nine. She wears washable gloves because they are easily cleaned.

She says that stockings can be made to last for a long time if heel linings are kept mended and stockings are washed daily and mended as soon as they need it. If one should take two pairs of stockings and experiment, wearing one pair three days and then washing them, wearing the other pair and washing them each night, they would find that the last pair could be worn a greater length of time. Veils, scarfs and ties are all pressed out or folded neatly before being placed in a drawer. She keeps on hand plenty of clothes hangers, shoe trees, whisk broom, paper or cloth bags for covering clothes when hanging, together with the work basket, containing snaps, hooks and eyes, an assortment of colored thread.

Because she has it and uses it so intelligently, it is doubtful whether she really spends more of her time on her clothes than does Mrs. Ward. The latter frequently reaches a state where she "hasn't a thing left to wear" and then she feverishly attempts complicated cleaning and repairing which is often unsuccessful.

Meanwhile, Mrs. Collins always looks well, and a last minute invitation to "drop into the car" finds her always with something neat and attractive to wear. But Mrs. Ward is likely to ruin the dress she expected to wear to the reception for the new minister by trying to wash it in a hurry the last day, and has to wear another almost as dirty, or buy a new one. Certainly Mrs. Collins' care of her clothes pays her in appearance, peace of mind and actual dollars and cents.

NORWAY VICINITY

Mrs. Annie Sampson, proprietor of Ann's Lunch, is ill with grippe and has been confined to her bed.

James M. Kenyon, the star designer of good shoes of the Dingley & Foss Shoe Co., Auburn, was a visitor here the first of the week.

William Bicknell and his daughter, Miss Hazel Bicknell, spent Christmas Day in Auburn, with Mr. and Mrs. John Wood. Miss Zilpha Bicknell, who is attending the Maine School of Commerce, was with them.

Thirty-two or more ate their Christmas dinner at the Beals Tavern. The local guests were, six in the Fred S. Brown party; five in the Hugh Pendexter family; S. W. Goodwin party was four; four with Ed. L. Burnell's family and in the Smith family there were six, including Fred E. Smith and Mr. and Mrs. Perley May. All these were from Norway. From Portland were Mr. and Mrs. W. F. Jordan and Charles Saunders.

Sketches of Local People

Herbert Denison Cole

H. Denison Cole, son of Horace and Alice E. (Denison) Cole was born in Norway village, August 20, 1873. He married Miss Charlotte M. Somers of Quincy, Mass., where he is in business. He has always been called Den (short for Denison) Cole. He has had a varied experience, and one interesting to the readers of the Advertiser. He knew, when here last summer, with his charming wife, that I wanted to see him, to get some incidents in his career, for publication, but he purposely avoided me. For want of the information sought, I must needs leave out of this sketch what would be the most thrilling events in his life. I do not know of anyone who don't like Den Cole.

He was born the very year I settled in Norway and I have known him in a general way all his lifetime. He graduated at the high school, then went out into the world for himself and has made good. Den was in West Virginia in 1897 with the lamented Frank E. Thompson when he was attacked on a railroad train, shot and mortally wounded by an ex-Confederate, and barely escaped with his own life. Young Thompson was the son of Dr. Albert and Mary E. Blake Thompson and was one of the ablest and finest young men ever raised in Norway.

Den was in the service of his country as hospital steward in the Philippines, during the Spanish War of 1898 and came home by way of the Hawaiian Islands, making a complete circuit of the earth. He admired the Philippine ladies and the native girls of Honolulu.

It will thus be seen that two Norway boys have been around the globe, Den Cole by going east and Fred H. Gibson by traveling west.

A few words about reckoning time in going around the earth may be of interest. There are 360 degrees of longitude or latitude of the earth as in every complete circle, whether large or small. The earth turns on its axis once in 24 hours from west to east, it causes the sun to appear to move from east to west and to rise and set, and to pass over fifteen degrees of longitude in one hour. The difference in longitude between Norway and San Francisco is about 53 degrees or approximately three and one-half hours. Now, assuming that Gibson started to go west around the world, keeping San Francisco time, on a Monday at ten o'clock p. m., it would be half past one a. m. of the next day, or Tuesday, at Norway. When he had made a complete circuit of the earth, he would find his reckoning one day behind San Francisco time, requiring the addition of another day.

On the other hand, Den Cole, going east, would constantly gain on his reckoning and would have to drop a day when he got home, to agree with Norway time. There is a line in the Pacific Ocean called the International Date Line, where the changes are made, but it does not affect the principle I have tried to illustrate.

It is a curious fact if the Jews and the Adventists, who observe Saturday as their Sabbath, should go east around the earth, keeping their own time, they would be finding themselves Sunday as we do for their Sabbath, but if they should go west, on arriving home they would be observing Friday, like the Turks.

My Experience With Muck

"Freezing Muck Makes It Fine and Light," Says W. O. Perry of Norway, Who Has Used Hundreds of Loads

Editor Norway Advertiser: I have seen a number of articles about muck or leaf mold. I commenced to use muck more than fifty years ago as there was a muck bed within a few rods of my barn.

My method was to draw it from the bed in the late fall or first of winter, onto a rise of ground just back of the barn, leave it in a rick from one to two feet deep so that it could freeze.

In the spring as soon as it commenced to thaw, I would scrape off the outside, which would be as dry and light as sawdust, and wheel it into the tie-up and put in the trench behind the cattle, as an absorbent, also put it in the sty-pen.

A muck pile thaws very slowly, sometimes it would be frozen way into June. Muck dug in the spring would dry lumpy but freezing it makes it fine and light and used on dry or light soil, will hold the moisture so a drouth will hardly be noticed. I have used hundreds of loads, but only as an absorbent.—W. O. Perry.

POCKET KNIFE LOST OR STOLEN

We have lost a jackknife. A good one too. Not the best in the flock, but it's way up among the singers. It is a Jonathan Crookes, of heart and pistol variety. It was encased in a silverized handle and over all may be 4½ inches long. A blade in each end, one bigger than the other. There is a loop or ring in one end so careless people can hang it on a chain and hitch it, thus keep the knife at home. We didn't do it and it has strayed.

Last seen at the Wearies or in the printing office, Friday before Christmas. It's gone and can't be found, not by us. Maybe you have it or know where it is. If so, tell us. No questions asked. It is one of the sixteen we have and we miss it greatly.

Have you the knife?

In Quest of Sister

Not Heard From or Twenty Years—Died Some Four Years Ago

Rev. Nelson Mayall of Eggleston, Giles County, Virginia, saw recent picture of Weary Club building of Norway, Me., and it brought to his mind that he wanted to get information in this section, so he wrote the Advertiser.

He spent his boyhood at Lisbon Center and graduated with class of 1886 at the high school.

He had a sister, Mildred N., whom he understood had married Frank W. Lord of Oxford County. He was curious to know if his sister, who he had not heard from for about 20 years, was living, and wanted our help in locating her. This was easily done. We called up Frank W. Lord of Oxford and got the desired information and wrote him. His sister was Mr. Lord's second wife and died July 17, 1922.

MADE PRISONERS IN THE BANK VAULT

Llewellyn H. Cushman and Percy Y. Fogg experienced several unhappy minutes, Thursday, when they locked themselves into the bank vault at the new building. Strolling around the rooms with Percy in the lead, they entered the vault compartment and quite unconsciously shut the grated door behind them. Snap went the lock and the pair were self-made prisoners.

Elbridge Woodworth, working about the place, attempted a rescue. Without a key, sympathy and consolation were the best he could offer. Fred E. Smith, the cashier, was located and the key produced. As a Christmas joke, Woodworth explained to the prisoners that the cashier and the key were in Portland for the day and to make themselves comfortable on the cement floor until Mr. Smith returned at night. Naturally the busy men were shocked by the news, for there were visions of unfinished business that required attention. After the joke had gone far enough, the prisoners were released on their own recognizance.

Three heifers that escaped from the Tucker pasture and have been running wild since last October were captured, Friday, by Frank Gammon, near the Harrison road. The animals were owned by Mason Kilgore and Albert C. Hollingsworth. One was found dead in a wood chopper's hovel, the survivors, owned by Kilgore, were thin and had lived weeks on scant feed. After resting at the Gammon place, they were led home without trouble and are expected to pull through all right.

Howard Lasselle was in Gardiner several days, the guest of his brother, Dr. Harry Lasselle, who has located there and practicing dentistry.

Work continues around the Valvoline property where four tanks are being set, the buildings enlarged and a sheet iron fence enclosing the lot.

Rehearsals start soon for the I. O. O. F. Minstrels, staged jointly by the lodges in South Paris and Norway. Harold A. Anderson, who is director and coach, is assembling a large male chorus and several soloists. The usual circle, with a number of novelties will precede a rare collection of vaudeville stunts by Twin Town talent.

"Blessings on thee, little dame,
Bare of neck and knees the same;
With thy rolled down silken hose
And thy thin, transparent clothes;
With thy pretty made-up face
And thy bobbed hair's jaunty grace;
With thy red lips reddened more
With the lipstick from the store:
With all my heart I wish thee joy,
But thank the Lord I was born a boy."

PASSING OF "XMAS"

That ugly profanation of the most brilliant word in the English language, which substitutes for the name Christ an X, very largely disappeared from the press of the nation during the current holiday season.

We have seen "Xmas" used less often both in editorial text and advertising matter than during a lifetime. This must be a direct answer to the strong appeals that have been made during the past five years, and we devoutly hope that we are right in concluding that the criticism has yielded a general reform. Duty is stern and the days are fleeting, but the American people still have time to spell out the name of the natal day of Jesus Christ.—Berlin Reporter.

AN EASY THING TO DO

It is the easiest thing in the world to find something to worry about. Worrying is the favorite pastime of a great many people. They are unhappy because they worry so much, but they would be unhappy, if they didn't worry. They won't admit it but they find a certain amount of pleasure in worrying.

It's only just that the operators of automobiles should pay the tax and if five cents on gasoline will do it the tourists and joy riders ought to be willing to pay that much for good roads to skip over. And then it's their duty to pay as they go. The taxpayers have about all they can stand up under now and let the car owners pay for the roads they destroy. It's but just to those who do not own cars.

Lesson for January 2

THE CHRISTIAN A FOLLOWER OF JESUS

LESSON TEXT—Mark 1:16-20, 2:13-17; I John 2:6.

GOLDEN TEXT—And said unto him "Follow me," and he arose and followed Him.

PRIMARY TOPIC—Learning from Jesus.

JUNIOR TOPIC—Enlisting with Jesus.

INTERMEDIATE AND SENIOR TOPIC—What it Means to Follow Jesus.

YOUNG PEOPLE AND ADULT TOPIC—Receiving Jesus as Saviour and Lord.

I. Jesus Calls Four Men to Follow Him.

1. Who they were (vv. 16, 19).

Simon and Andrew, John and James, two pairs of brothers. It is usually wise to engage in the Lord's service in fellowship—in pairs. This is not only necessary for effective testimony, but for needed fellowship on the part of workers and protection of the witnesses.

2. From what they were called (vv. 16, 20).

They were called from positions of definite service. God always chooses His servants from the ranks of the employed.

3. To what they were called (v. 17).

"To become fishers of men." These men no doubt had been successful as fishers. The qualities which made them good fishermen, namely, patience, bravery to face the storm at night and perseverance which led them to toil all night, though no fish were caught, would make them good fishers of men. Winning souls for Christ requires great patience, bravery and perseverance. Becoming fishers of men is the most important business in the world. It is the hardest work in the world to do.

4. The cost of obedience to Christ's call (vv. 18, 20).

Obedience to Christ's call meant sacrifice, painful separation, to give up all business interests and leave their father behind. Regardless of the cost they yielded prompt obedience. They put their trust in Him who called them, believing that He was able to supply all their needs.

5. Their reward (v. 17).

These four men have wielded wondrous influence in the world. Their names have become immortalized. Had they remained at their business they would only have been humble fishermen.

II. Matthew Becomes a Follower of Jesus (Mk. 2:13-17).

Matthew was a despised tax gatherer under the Roman government. For a Jew to fill such a position was to become unpopular. Since they regarded taxes paid to the Roman government as unlawful extortion, a member of their race engaging in the business of tax collection was to be exposed to shame and contempt.

1. Observe the abruptness of this call (v. 14).

While sitting at his place of business he heard the call of Jesus.

2. The definiteness of the call (v. 14).

It was to follow Jesus. To follow Jesus means to learn of Him and to engage in service for Him.

3. His instant decision (v. 14).

Matthew did not stop to reason on the question, but rendered definite and instant obedience. He openly gave up his business and identified himself with the Lord. Happy is the man who has the good judgment to instantly respond to the call of the Lord even though it may be costly. Matthew made a feast and invited many of his publican friends to meet his newly found Saviour. This had a twofold objective:

(1) An expression of grateful appreciation to the Lord for His saving grace.

(2) To bring his former friends and associates into touch with his new found Saviour. It is natural for those who have found the Lord to desire to bring their friends into touch with Him.

III. Walking as Jesus Walked. The Supreme Test of Abiding in Him (I John 2:6).

Abiding in Christ means to have experienced the life of God in Christ, to have come into contact with Christ's personality and to be consciously living in fellowship with Him. Christ's oneness with the Father and His devotion to His will is the supreme and grand example. Anyone who pretends to abide in Christ, who is not walking as He walked, is not entitled to the claim of Christian. The walk of the Christian implies the whole of his life. The reality of our profession is determined by the consistency of our walk.

"Ye Must Be Born Again"

Wesley, who, it is said preached three hundred times from the words "Ye must be born again," was asked "Wesley, why do you preach so often on 'Ye must be born again'?" "Because," said Wesley, "ye must be born again!"—King's Business.

Forgiving

And be ye kind to one another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you.—Paul.

SPRING BACKWARD—MR. ROSS HOME FROM ENGLAND—GRIST MILL DOING FAIR BUSINESS—SAW MILL DOING POOR BUSINESS—BUILDING ENGINE HOUSE AND NEW WHARF

Edited by Don C. Seitz

(Continued)

May 24, 1857—Very good weather for Farming, which commenc'd on Friday last, for six days before the weather had been cold and rainy. The Spring so far has been wet and very backward, but now looks promising.

Webster has now got done sowing and has prepared his ground for planting, in all about 7 acres, beside the carrot ground and garden. Grass looks fine, especially on the meadows. Our work on the wharf progresses well, about one quarter of the Piles have been driven on the second or easterly Pier.

Mr. Ross has come home from England. On Thursday 300 Emigrants from Great Britain pass'd up over the R. Road to the far West, beside 20 or 25 persons on the same rout from Penobscot County.

Anthony Crockett has bought a lot of land on Deering Street and is about to commence a House. Mr. Daniels, who lives at Crooked River, has bought on the same street and will build a house the present season.

May 31—Sunday morning Very fine. 1-2 the past week has been rainy and wet. Yesterday was fair weather.

Webster has finish'd planting all except Carrots and Beans.

The Grist Mill is doing a fair business. The Saw Mill is doing a poor business. The Steam Ship wharves are progressing; 1-3 the Piles are driven in the East Pier and the Caps on.

The Grand Trunk Company have just rec'd aid by way of an enactment releasing the Company from paying interest on the Government Bonds until the Stockholders of the Grand Trunk get 6 pr. cent on the Stock in that company.

The immediate result is the Rise in the price of the Atlantic and St. Lawrence Stock from $62 to $75 and will go to $90. Some persons are preparing to build in this village and business is dull, but better than in most places.

June 14—Sunday. Wet and warm. The season up to this time has been very wet, except the first of this month. Grass looks very fine, corn is up and suitable for hoeing; potatoes are coming up.

Grain looks very fair and generally crops are promising, although some later than usual. In all parts of the United States the season is cold and backward.

No meeting at the Universalist House today, Mr. Ford having gone to N. H. on a visit. The wharf in Portland is progressing and will be ready for the Big Ship in August next.

June 21—Sunday. No meeting at U. House. Wet and warm. Last week was very rainy the most of the time. Yesterday there was a little sun and today is pretty pleasant. Today we have had an uncomfortable time to release a cow belonging to M. H. Dunnell from the mire, which she got into in the side of the meadows.

The corn is not yet all ho'd, but it looks very well. Business is about as good as in any place. The shoe business is rather slack, but will probably improve the coming fall.

July 5—Sunday Very fine weather. but dry. The weather has been cool and dry the past week. Yesterday was a great day in Portland. A Boat race in the forenoon and a balloon ascension in the afternoon. A large party went from South Paris and from all the Stations below at half price.

Webster is nearly ready to commence haying. Corn is small for the time of season; potatoes look very well. Grass is very good. The water in Mill pond is just at the top of the Dam. Grinding is light. The Saw Mill is doing something.

July 12—Sunday. Very warm and dry; within 16 days there has been but one rain, about 2 hours. Grass looks well; some persons have commenc'd haying. Webster will commence tomorrow, he having completed hoeing and other work preparatory to haying.

The Wharves in Portland are progressing very well. I have estimated the past week for an EngineHouse at Island Pond, costing $40,000.

Dr. E. H. Chapin of New York, is expected here to Preach and Lecture next Sunday. Considerable anxiety is felt to see and hear him.

July 26—Very fine morning. Since the above date there has been a great deal of rain and much fog, much thunder and lightning and for ten days back no hay weather.

A great amount of hay is cut and has been out during the past bad weather and today will be taken care of.

Mr. Chapin preach'd here last Sunday. There was a great crowd of people here. He delivered a lecture on Chivalry Saturday A. M. and on temperance Sunday evening. Mr. Chapin staid with us all the time while here. Webster has had bad luck so far haying on account of bad weather. I have commenc'd to arrange for building a large Engine House at Island Pond. Also another new wharf in Portland.

Note—Dr. Chapin was the celebrated Universalist divine, pastor of Horace Greeley and P. T. Barnum.

Mrs. Ellen Knight Observes Ninetieth Birthday—Christmas at the Church—Visitors Here Over Holidays.

Mrs. Ellen Knight was ninety years old on Monday. The day was spent in receiving callers, in reading the many cards and letters sent to her by absent friends and a telegram of congratulations sent her by Hovey Gage of Worcester. Rev. A. C. Townsend wrote a beautiful poem and presented it to Mrs. Knight, the neighbors here in the village gave her a lovely bouquet of pinks, and Mrs. Jane Stone made a birthday cake and Mrs. Knight had several other gifts. She is a remarkable woman and seems many years younger than she is. She goes to church, calls on her neighbors, attends the missionary meetings, reads, sews, and is keenly interested in all the topics of the day.

At the annual meeting of Mt. Tir'em Lodge, F. and A. M., R. E. Pinkham was elected W. M.; Arthur Millett, S. W.; Wilbur Button, J. W.; Addison Millett, Treas.; C. H. Pride, Sec. Installation will be held at the next stated communication, Jan. 11th, 1927, to be followed by a baked bean supper.

The Christmas celebration began on Friday at dusk, when the tall tree in the church was lighted with the beautiful colored electric lights that were given by Miss Mabel Gage. At six o'clock a bountiful supper was served at the Community House, after which everyone went to the church to listen to the exercises by the Sunday school children. Several Christmas hymns were sung, some of them with violin accompaniment, and there were exercises and recitations by the little children, and readings by the older ones; and a duet was sung by Ruth and Laurence Rounds, and a solo by Barbara Fillebrown. The program was very interesting. Afterward, in the Community House, Santa, assisted by several of the older boys, unloaded a well filled Christmas tree. The trees were furnished by George Rice and were set up by C. D. Morse, while the electrical decorations were wired and put in place by L. R. Rounds and P. E. Kimball. Several of the children were sick and unable to attend the exercises; it is a real tragedy for children to be sick at Christmas time but those who were present had a very enjoyable time.

On Saturday there were family gatherings and Christmas trees at several of the homes, which were much enjoyed.

W. W. Fillebrown and family entertained Mr. and Mrs. L. R. Rounds, Ruth and Junior, Mrs. F. B. Rounds and Miss Mary Rounds and Mell Knight and son, Ralph. Mr. Fillebrown's mother was also a guest; there were fifteen in the party.

NEW YEAR'S GREETINGS

AT THE BEGINNING OF 1927 LET US BE HAPPY AND GLAD

By Our New Hampshire Associate Editor, Who Lives in the Switzerland of America, F. E. Mitchell, Alton, New Hampshire

....that George Washington knew how to swear, and did; that he firmly believed the U. S. A. would always have citizens capable of managing America's affairs without European advice or suggestion;

....that G. W.'s belief has been handed down through the years until the present day, and that MOSES, REED, JOHNSON and BORAH had sufficient patriotism and courage to stand firm while the paid criers of peace and security were doing their utmost to entangle us in the World Court and the intrigues and quarrels of Europe;

....that Calvin Coolidge was never a Princeton Professor;

....that the President of the United States, Governors of States, Mayors of great cities, heads of industrial enterprises, scientists and other busily engaged in matters worthwhile, find time to answer letters and share their knowledge;

....that Shakespeare, Dickens, Franklin, Paine and others left writings for us to read and profit by....if we will;

....that sweet sleep is not denied those who honestly labor;

....that skies are blue, soft breezes blow, flowers bloom, birds sing, children laugh, brooks gurgle, leaves whisper invitations to shady nooks, and that those who have eyes to see and ears to hear may find and have a sense of peace and happiness over which Wall Street has no control;

....that Ed Howe is an Optimistic Pessimist;

....that country newspapers are not yet subsidized;

....that Joseph Emerson Worcester (a son of New Hampshire) compiled a book that we may consult when we desire to express our sentiments regarding the twaddle published in magazines.

....that E. Haldeman-Julius had a hunch to publish and distribute good books at five cents a copy;

....that we are not compelled to live in Florida;

....that Lake Winnipesaukee is in New Hampshire and that people of distant places are learning in ever increasing numbers of its beauty;

....that while mythical heaven is distant and uncertain, the present with its great possibilities is here and now;

....that while Doctors of Law, Divinity and Medicine are evidently essential to this ignorant and wasteful age, science suggests hope for the future;

....that Henry Ford is showing, individually, what can be done by the people, collectively, when they become sufficiently wise;

....that Arthur Brisbane has the ability to collect information and the willingness to share it, in part, and that Wm. R. Hearst is pleased to pay him liberally for so doing;

....that Youth is vain and rash and buoyant and sometimes overconfident, because that is the way of young and growing things;

....that Volstead did his Act, so we may know what a "jackass law" looks like and be able to avoid similar freak enactments;

....that New York has a Wall Street to teach us the full meaning of "They toil not, they spin not; and yet.... Solomon in all his glory was not arrayed like one of these";

....that we have a Banking System to loan money to Government—money which Government first issues and stamps as legal tender—this being additional proof that we live in a land of opportunities:

....that money is of a roving nature and "itches to be spent," this preventing it from being long held captive by any individual;

....that truth is Truth in spite of mental reservation and the cunning of those who graduate from the Law Schools;

....that a man can nearly always have what he needs if he will forego having what he does not need;

....that an intimate knowledge of grammatical construction and of technic, while helpful to conceal thought, is not essential to the lucid expression of thought;

....that the rarity of thouhtful consideration....of taking into account the other fellow's needs and handicaps....enhances its beauty and value when found;

....that each of us has had or will have, at some time and place, a chance to repay the debt we owe to those who have gone before.

Let us be happy, let us be glad.

Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of *Doan's Pills*—a stimulant diuretic. *Ask your neighbor!*

Among the many pleasant family gatherings held on Christmas day was the Fuller reunion, held at the home of Mr. and Mrs. Charles Bane. The guests included Mr. and Mrs. H. B. Fuller, Mr. and Mrs. Herman Fuller and family, Mr. and Mrs. Earl Bane and little daughter, Mr. and Mrs. Ellsworth Curtis and family and two young men. The forenoon was spent in a most sociable way. Just before dinner the Christmas tree was attended to and each one seemed well pleased with his gifts, except Lloyd, who thought Old Santa had bestowed too many neckties on one little boy. Oh, Boy! What a dinner! Mrs. Bane knows well how to prepare the good things. The only trouble seemed to be that nobody could hold all that he wanted to eat. The afternoon was spent with games, music and dancing. The only thing to mar an otherwise Perfect Day was the bursting of the water pipe in the cellar, but Mr. Emery kindly responded with first aid treatment and soon all was serene. The guests reluctantly took their departure at dusk, thanking Mr. and Mrs. Bane for a delightful day.
